Here are some tips that can help you find the right tickets at the right price

- **Learn how StubHub provides a safe marketplace and what you are guaranteed.** If you're new to buying tickets on StubHub, be sure to read about the basics of buying and our **FanProtect™** Guarantee.
- **Use our buying tools to find the right tickets.** If you're on a budget or need a specific number of tickets, use the price slider and the quantity drop-down menu on the 'Find tickets' page to see only available tickets within a specific price range and for a specific quantity. To find tickets in a particular location or with specific features, you can filter by zone and ticket feature (electronic delivery, aisle seat, and exclude obstructed view).
- **Research ticket prices before you buy.** Compare tickets to see differences in price, location, quantity, and delivery method. Just select up to 5 tickets you'd like to compare and click the 'Compare' button. You can also use our **interactive venue maps** to browse for tickets, see the range of ticket prices, and limit your search results by section or zone.
- **Set price alerts.** We'll notify you by email when tickets matching your price and quantity become available for a specific event. [Learn more](#)
- **Consider timing when evaluating a ticket price.** As the event gets closer, we'll let know how much time you have to order before a listing expires. Ticket prices on StubHub reflect the market value, not the face value (the price printed on the ticket) of the ticket. Sellers set the price and can change it any time to stay competitive.
- **Save money on delivery fees by ordering tickets with electronic delivery.** Electronic delivery fees are less than \$5 (compared to \$11-\$24.95 for FedEx delivery). When viewing a list of tickets for an event, you'll see a check mark in the 'Electronic delivery' column for e-tickets that you can print yourself. For **Instant Download** tickets, you'll see a check mark and the words 'Instant Download' in the 'Electronic delivery' column. Read about [receiving tickets electronically](#).
